BIOGRAPHY

DJ Sway is a dynamic force across the mid-Atlantic, known for energizing dancefloors with his exceptional ear for music. A proud native of the Washington, DC area, Sway's sound is as diverse as the community he calls home. His sets seamlessly blend genres, from Top 40 remixes and House to Latin Dance and Hip-Hop, creating an electric atmosphere that resonates with any crowd.

As Sway puts it, "It's all about getting the perfect reaction. There's nothing like dropping the perfect track at the perfect moment and feeling the joyful energy from the crowd. Whether I'm spinning at a nightclub, a concert, or a high-end private event, the energy is unmatched, and it never gets old."

With an extensive background as a classically trained musician, Sway's sets stand out for their unique musicality and fresh, innovative performance style. He's no stranger to the stage, either. Starting as a college DJ 14 years ago, he quickly climbed the ranks to become a full-time performer, earning regular spots at some of the DMV's top venues, including Northwest Stadium, The Fillmore Silver Spring, The Anthem DC, and Power Plant Live.
